DEDICATED

O the Reverend Doctor Joseph H. Brady, Head of the Department of Social Studies, by the Class of '42 in acknowledgment of what he has done for them and for Seton Hall.

Austere man of God, profound scholar and genuine historian, Doctor Brady has already achieved an enviable record of solid attainments. His logical habit of mind revealed itself in his insistence upon order and his meticulous attention to detail, however minute. Himself systematic, he taught us, above all, the need for order if anything worthwhile is to be accomplished. But his scholarly austerity failed to hide his quiet sense of humor from those who knew and understood him.

The Class of '42 proudly dedicates this book to Doctor Brady.

Joseph H. Brady

A.M., Ph.D., S.T.D.

FOREWORD

The last enterprise undertaken by the Class of '42, this

book is a memento of happy undergraduate days spent

together by a band of young men soon to be torn apart by the

ugly reality of war and dispersed to the ends of the earth.

Because of the grim task that lies before them, these young

men may never again in their brief lives know such happy

hours as those they spent together here at Seton Hall.

Those hours are cherished memories.

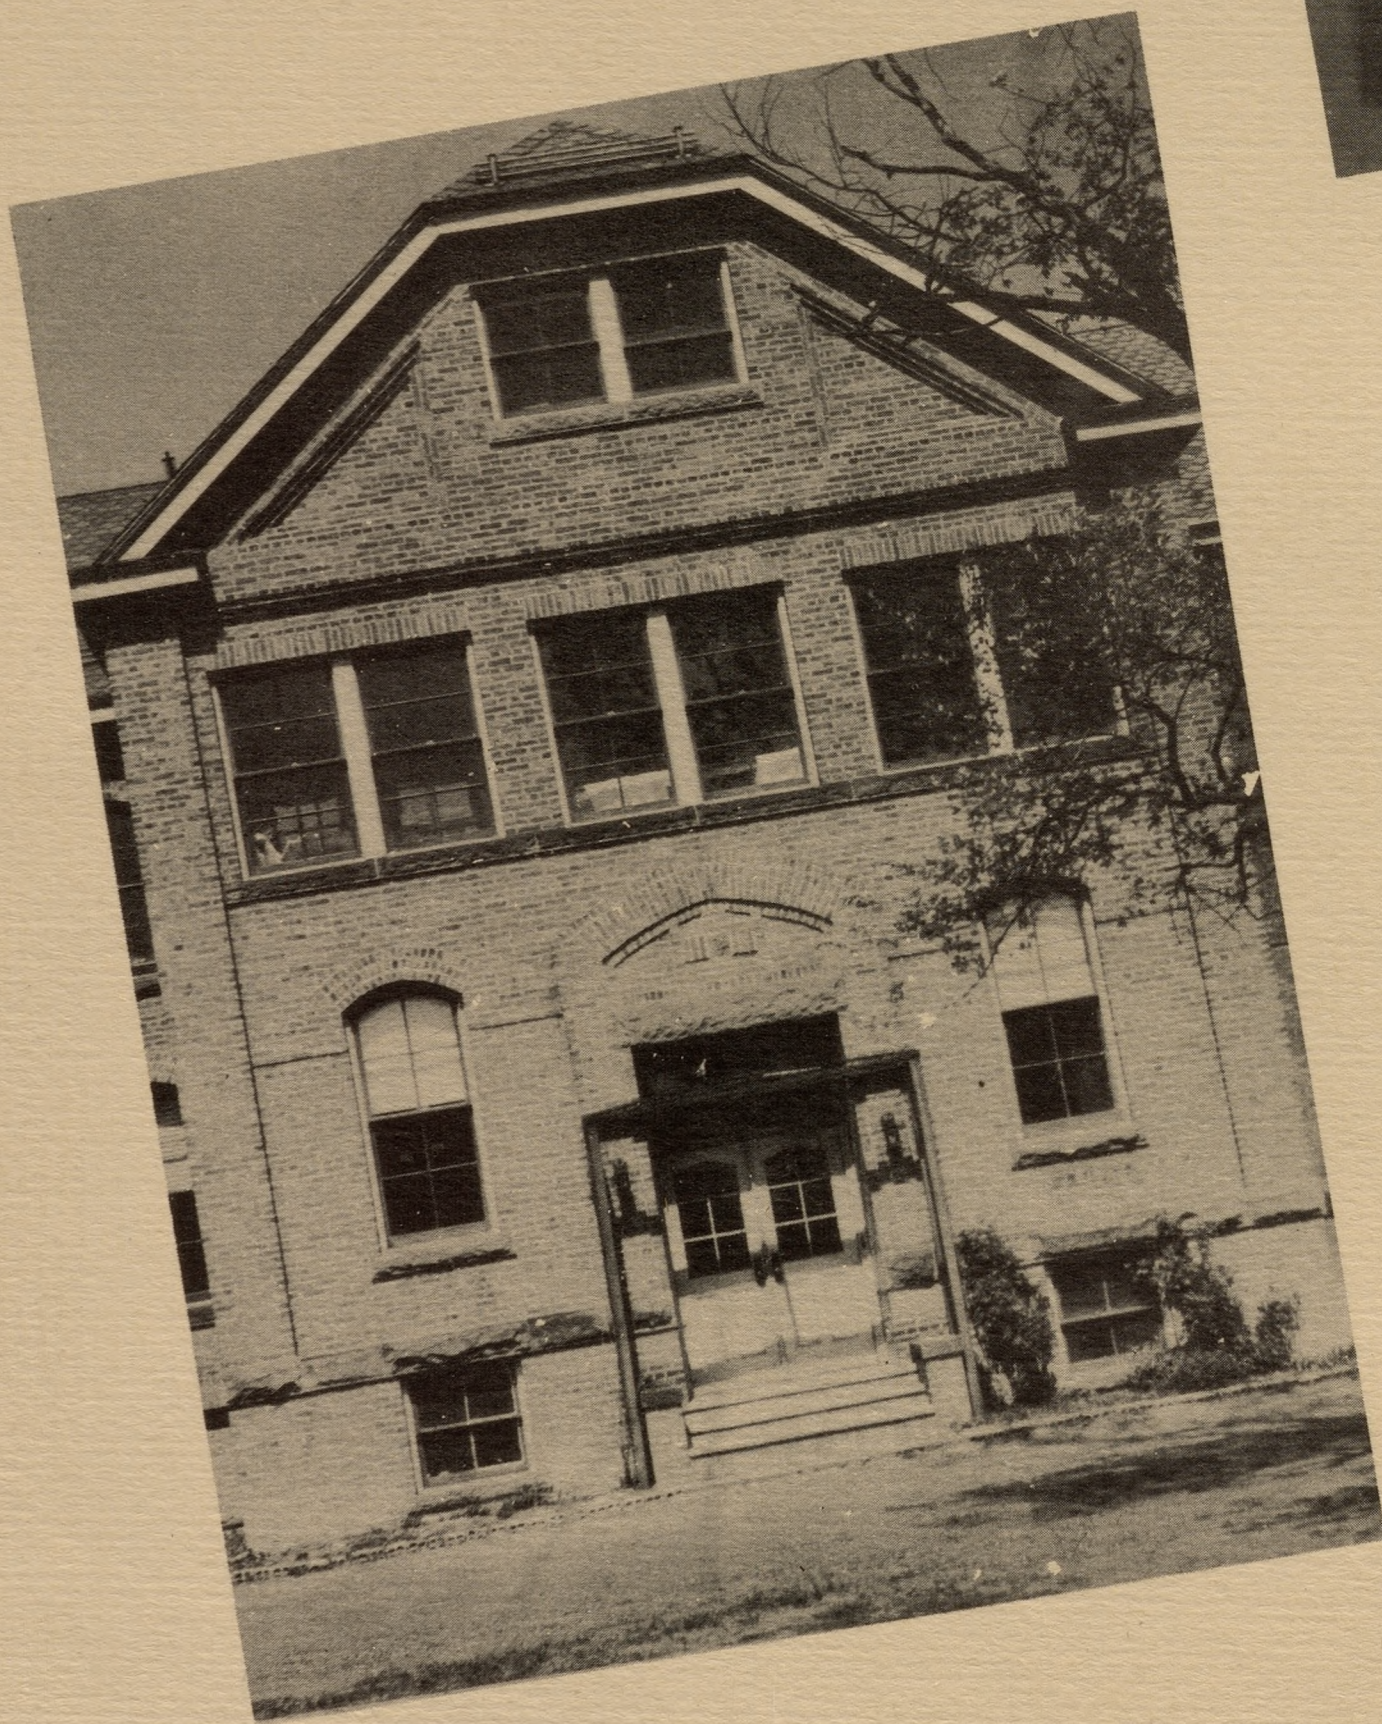

To the execution of their task this band of young men will bring the high courage and the Christian ideals that typify the best Catholic manhood. Imbued with sound ethical and philosophical principles, possessed of a deep love of American democracy and its worth, endowed with disciplined intellects, they go forth to serve. In whatever capacity they serve, they will be faithful to God, to country and to Alma Mater.

ADMINISTRATION

McQUAID . . .
BEATS THE BARRACKS!

On the threshold of a world torn by war we pause and look back over our years at Seton Hall, trying to determine what forces have been at work upon us, to discover how it is that we are changed, what it means to be college graduates. What have we learned? For what are we equipped? We likewise try to recapture memories of our happy undergraduate days at the Hall.

We have come to love the varying aspects of our campus and its buildings. The familiar red brick of McQuaid Hall, the brownstone Administration Building, the beautiful Gothic Chapel, the classrooms and corridors of Bayley Hall, the Quadrangle, all have exerted their quiet influence upon us.

It has been the atmosphere and associations more than the books and lectures that have deepened our appreciation of our religion. Living among the priests here and making lasting friendships with them has accomplished much of this deepening. The realization that "the padres are regular" has meant a great deal. Typical is their response to the call for Army and Navy chaplains.

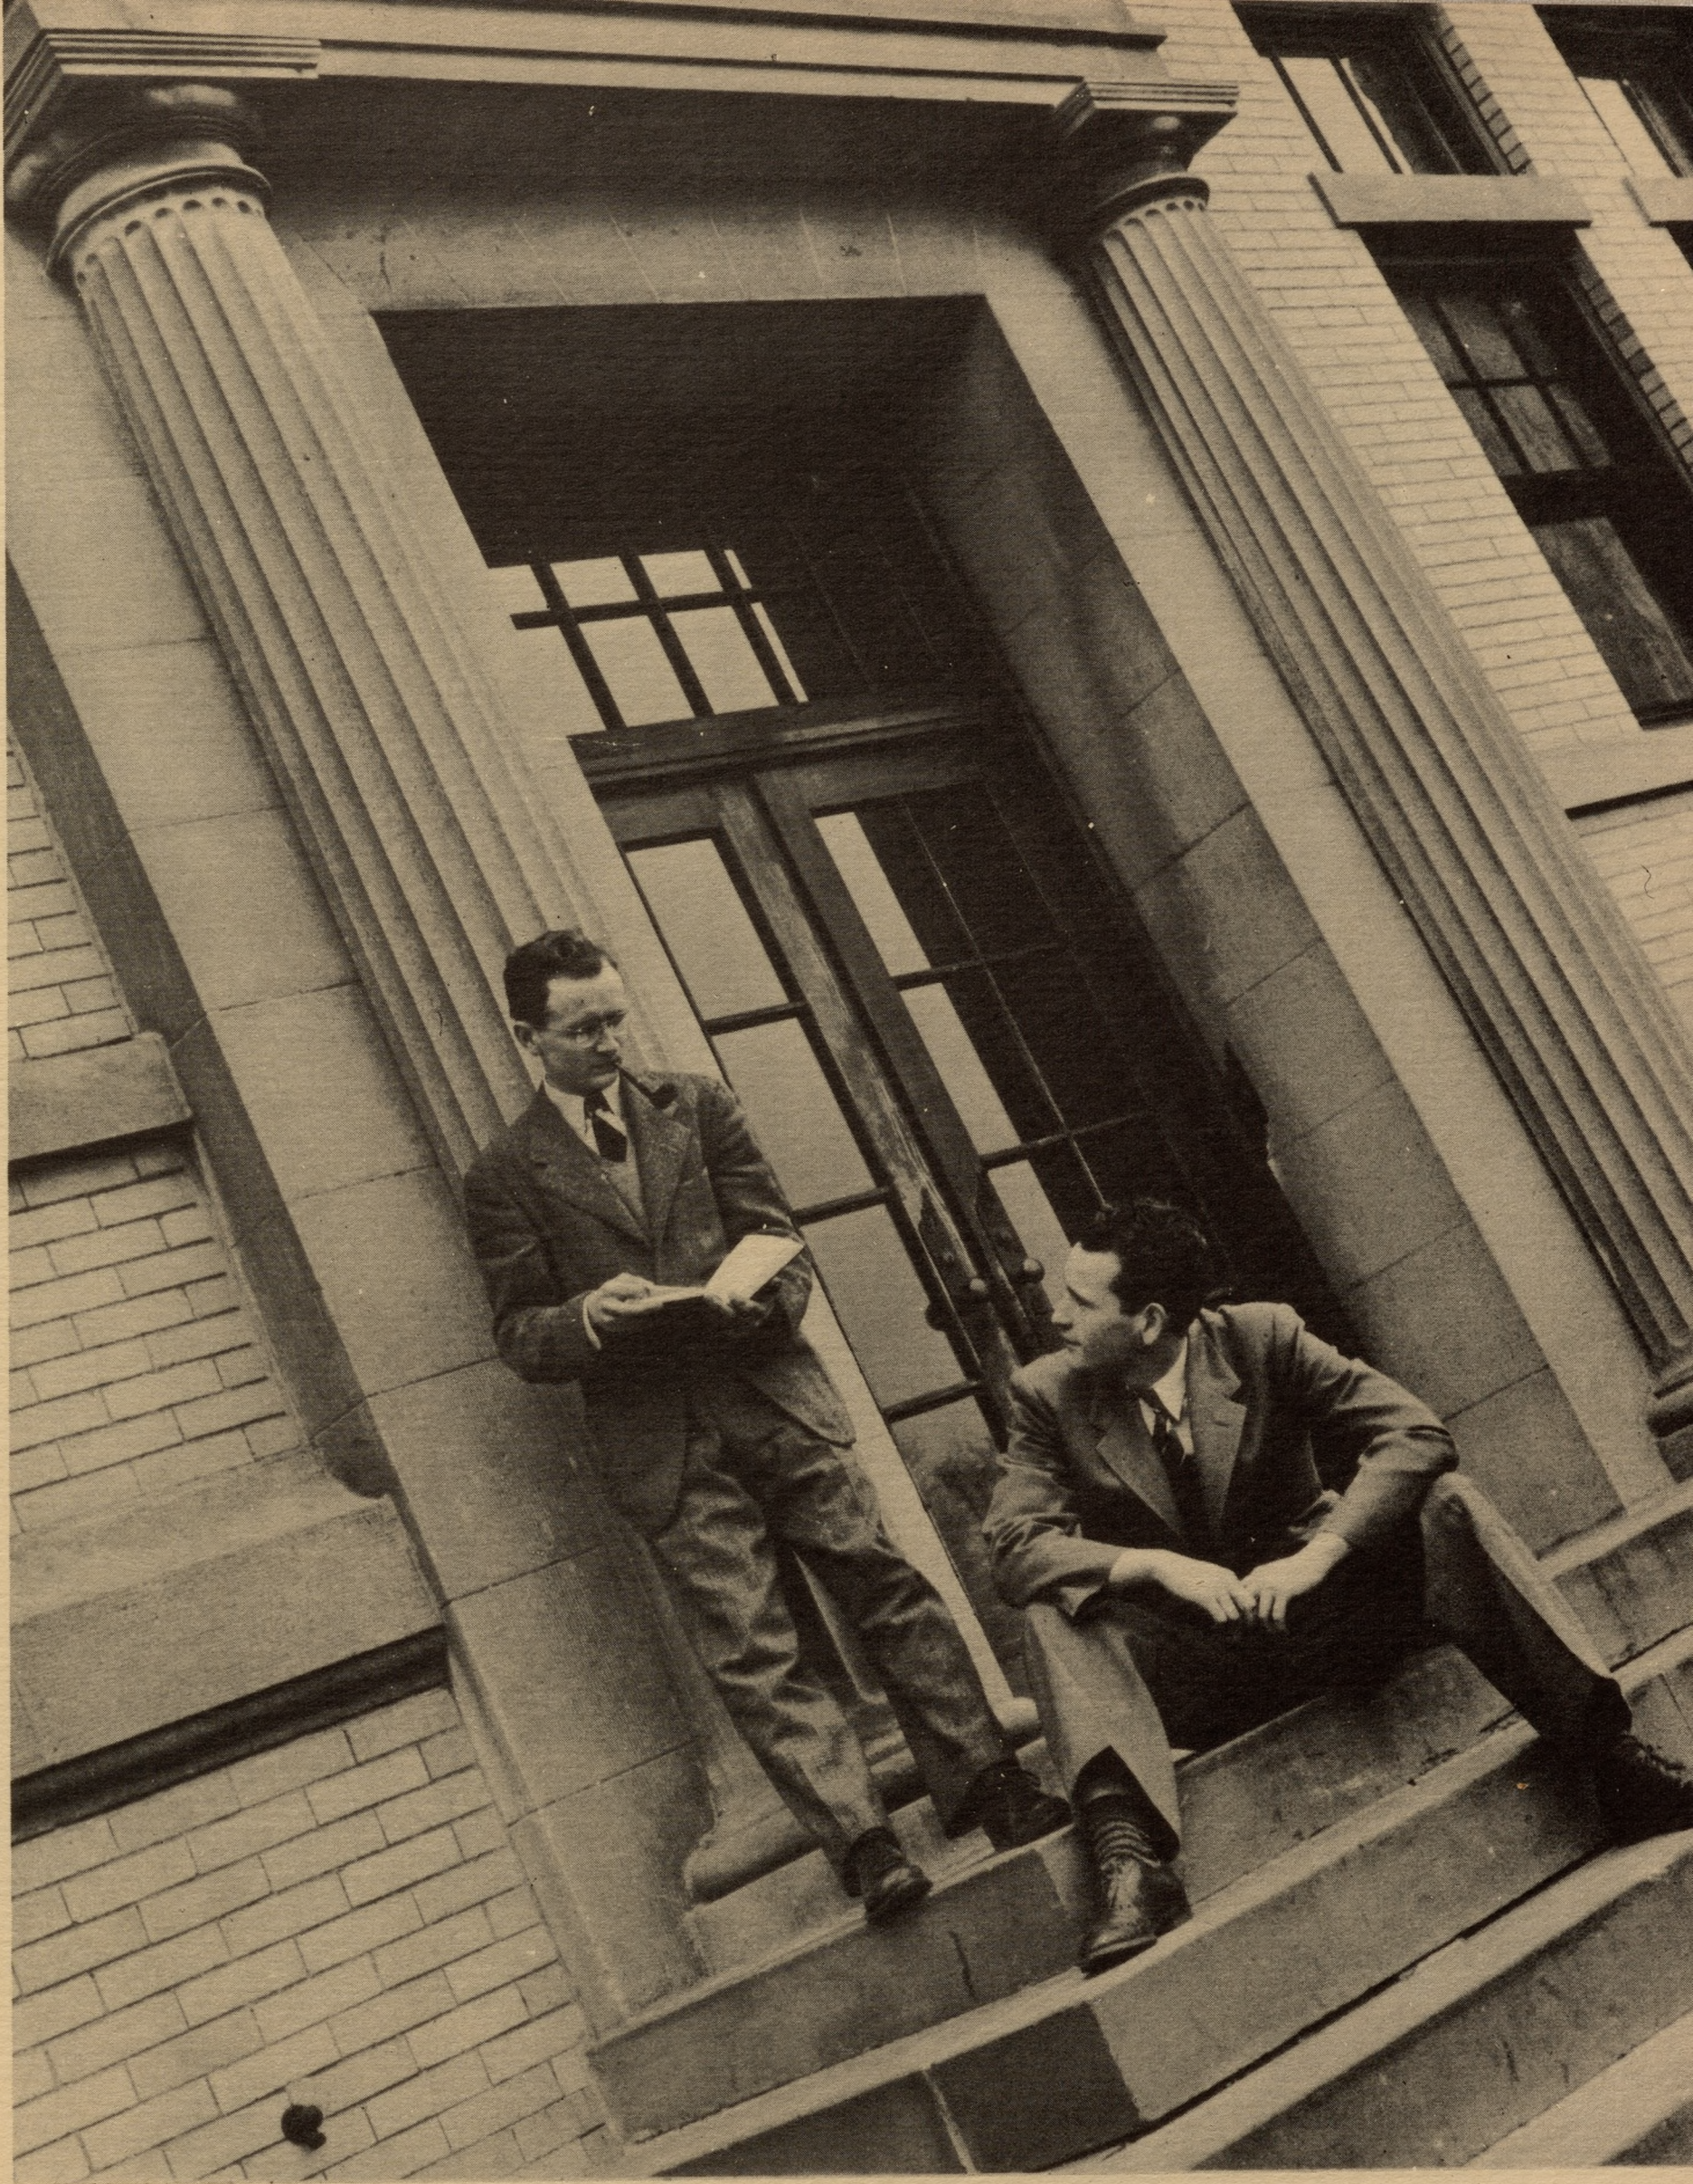

The lives of our fellow students have likewise influenced us. Not broadcasters of their piety, they yet impressed us as never being far off the eternal beam. To see them lining the altar rail on Wednesday mornings with the Knights of Setonia did more to make our religion live within us than fifty lectures.

BAYLEY HALL

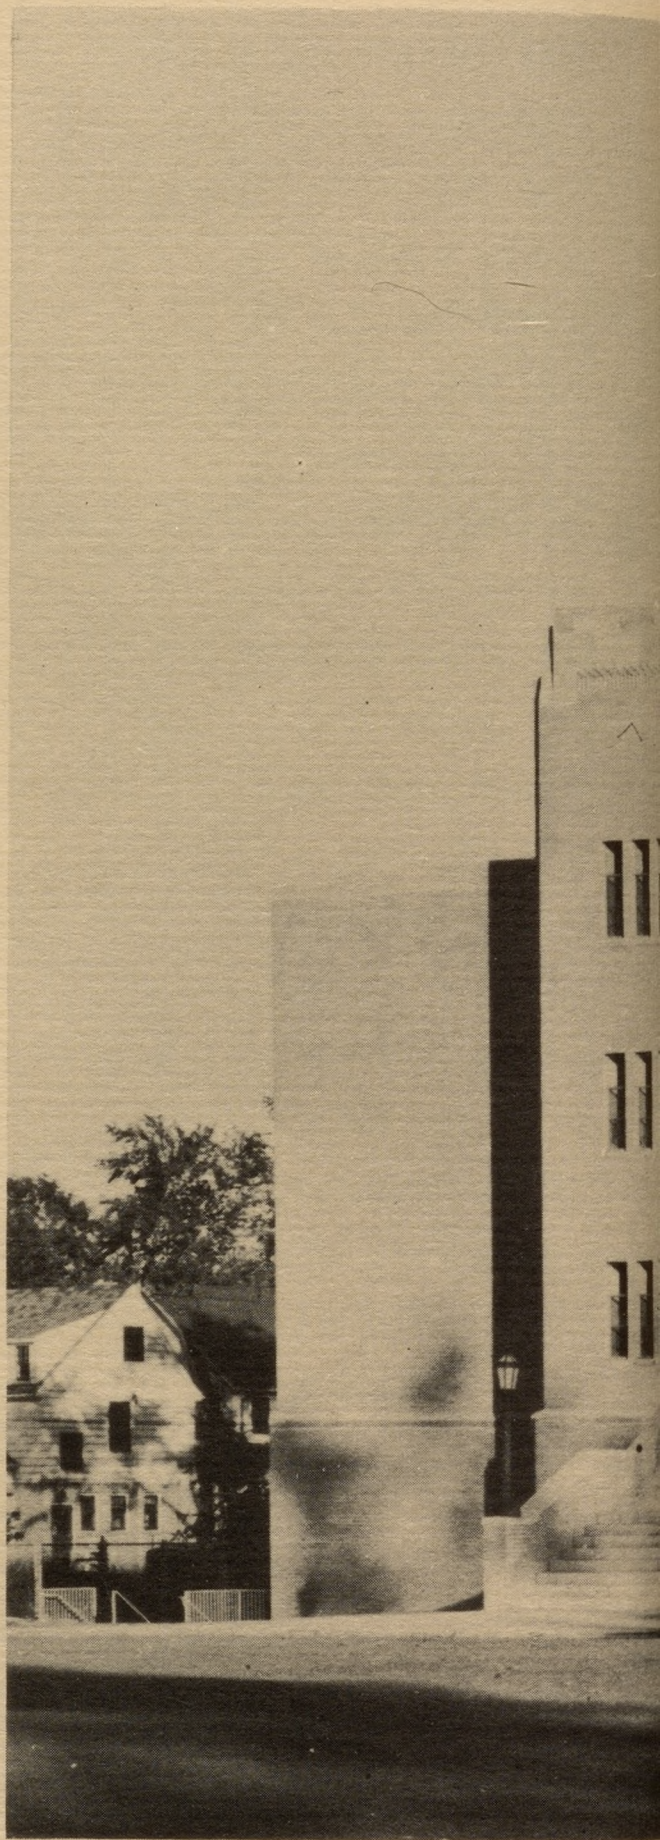

In our gallery of mental portraits faculty members hold prominent places. There is, of course, the Dean. Sound classicist, his alert blue eyes bespoke the man who tears down youthful castles in Spain only to help their architects erect the solid edifices of fact required by life. There too is Doctor Brady, who taught us the need for order. And Doctor Rauch, to whom abstractions were flesh and blood. Another place is occupied by Father Ryan, distinguished and silver-haired, with his passion for the poets. Still another by soft-spoken Father Dilger, who worked so hard for the Glee Club. Science majors have a place for "Cass," or Mr. Cassidy. Lean, laconic New Englander, he kept the feet of ambitious theorists in his chemistry classes planted upon the firm ground of fact. Another picture is that of genial Doctor King, with his watch chain stretching from here to there and his lawyer's instinct for going to the heart of any problem. These men are typical of the entire faculty.

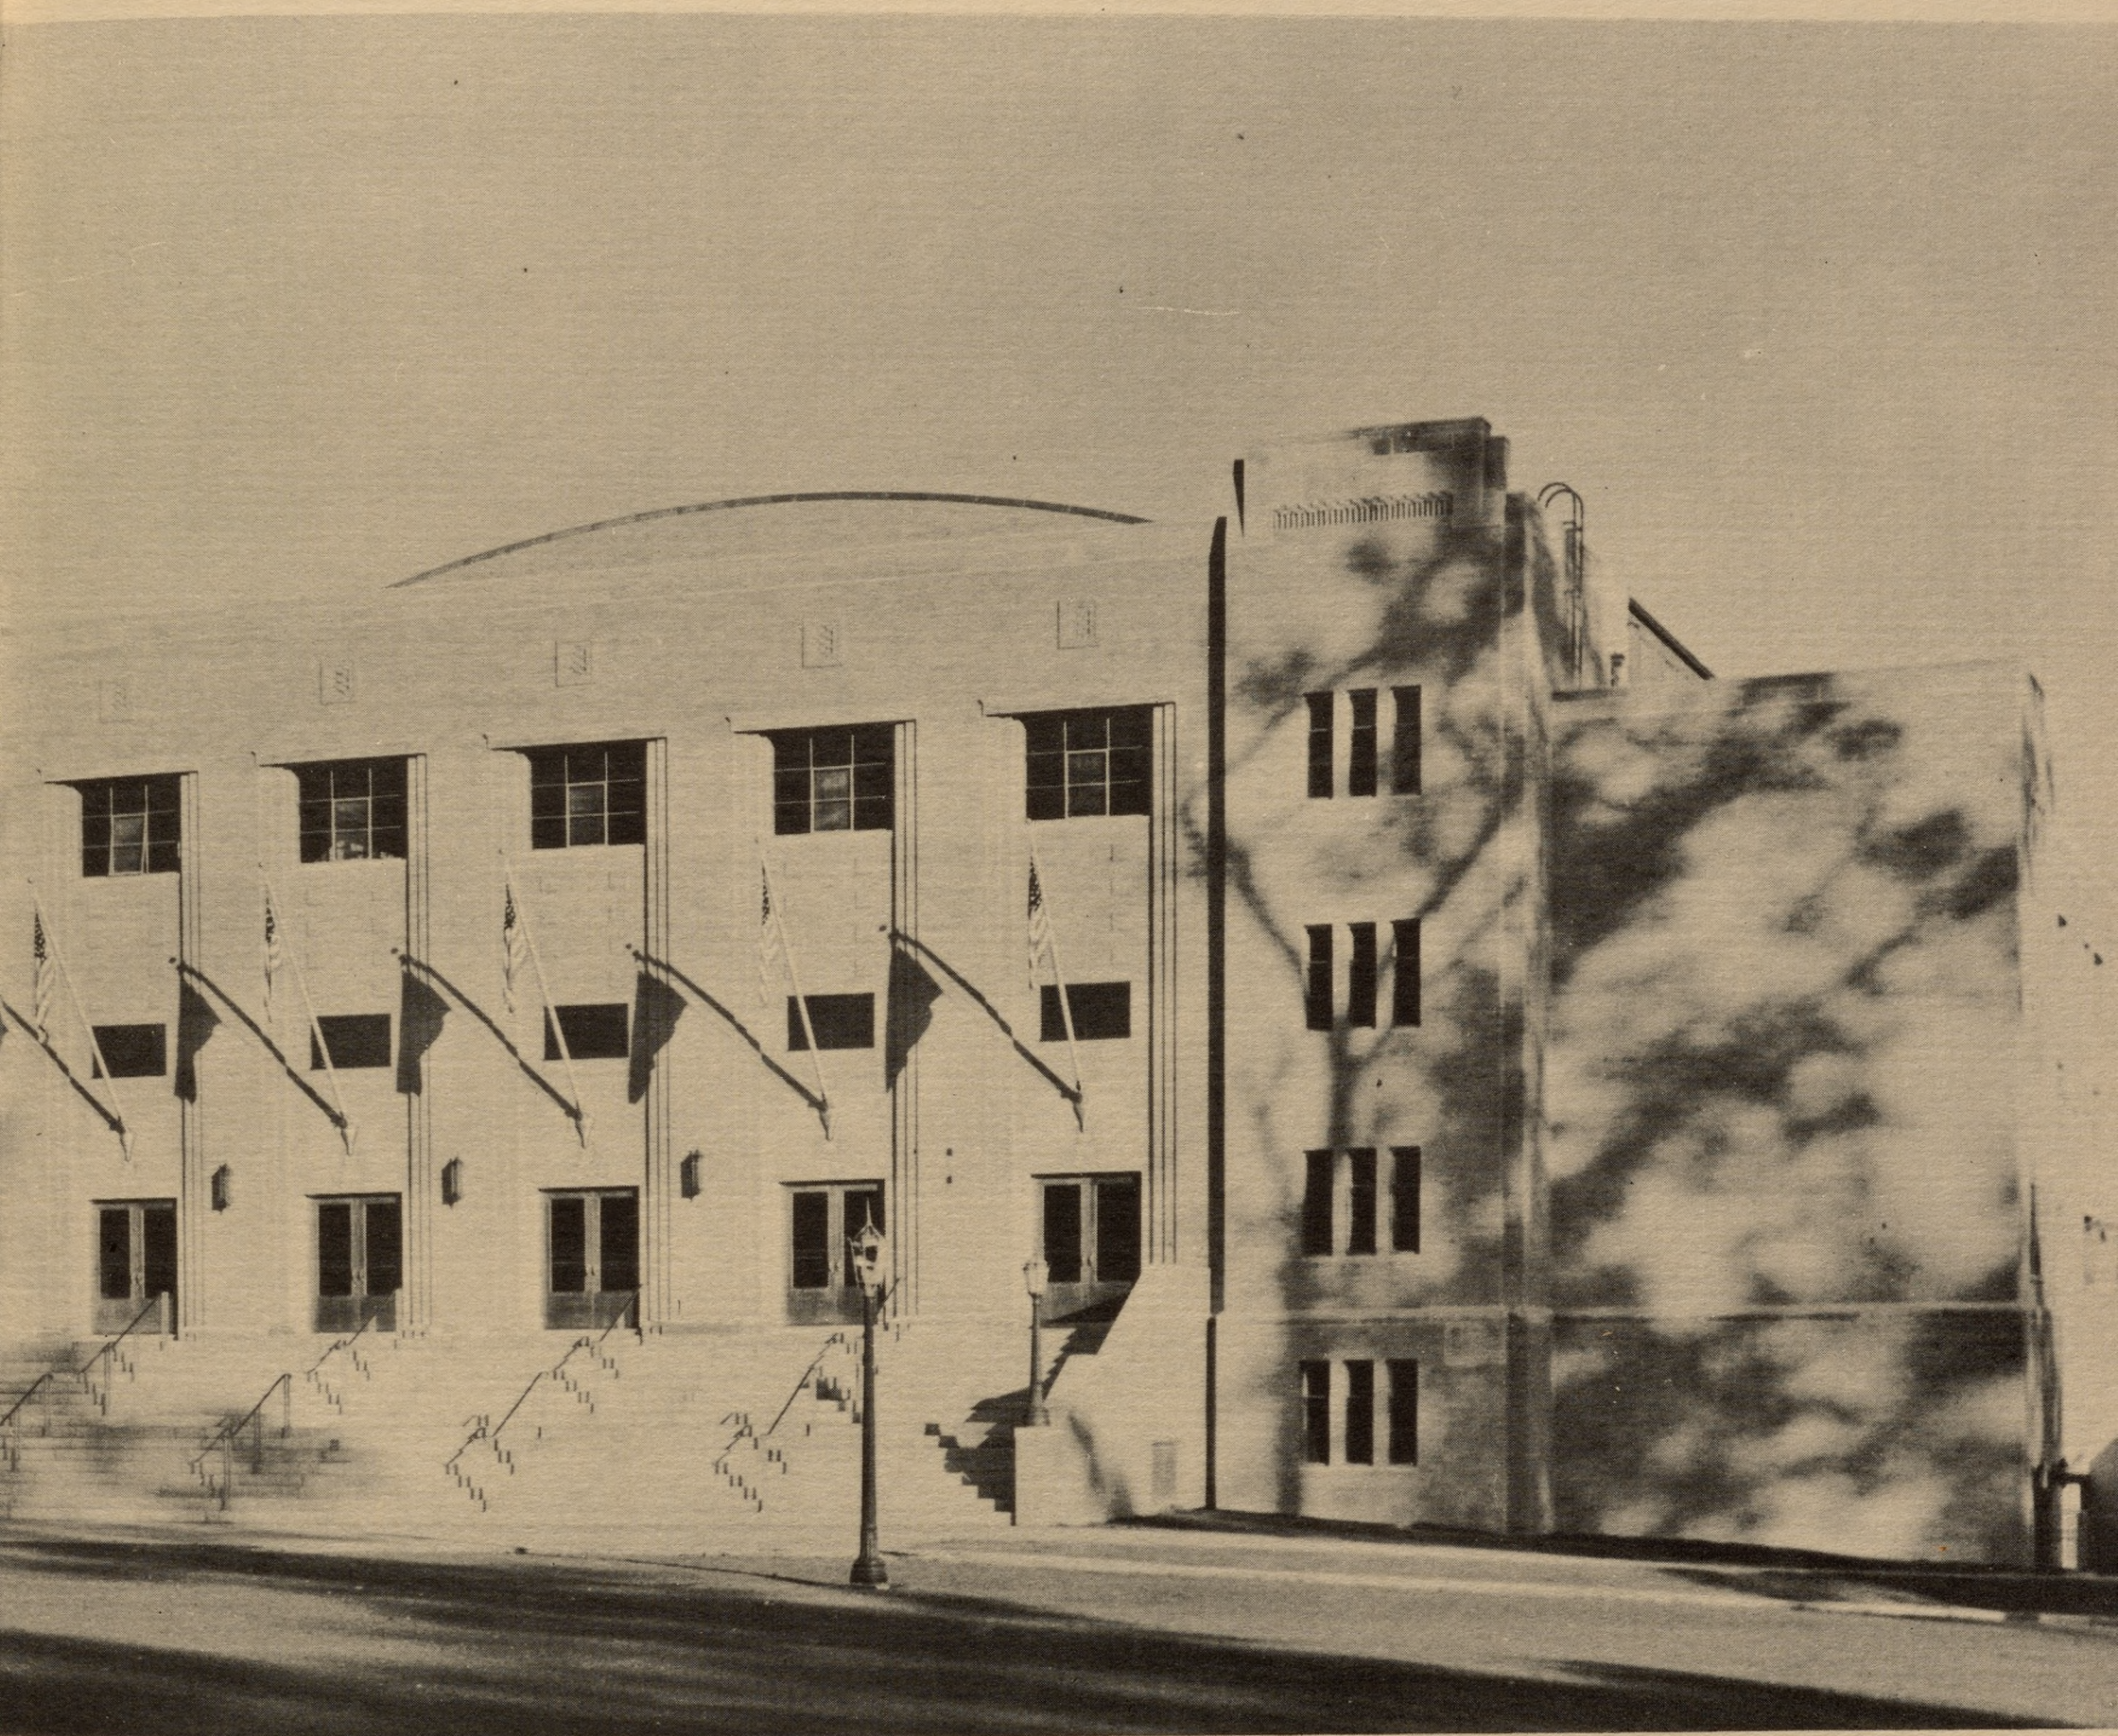

PILLARS OF WISDOM

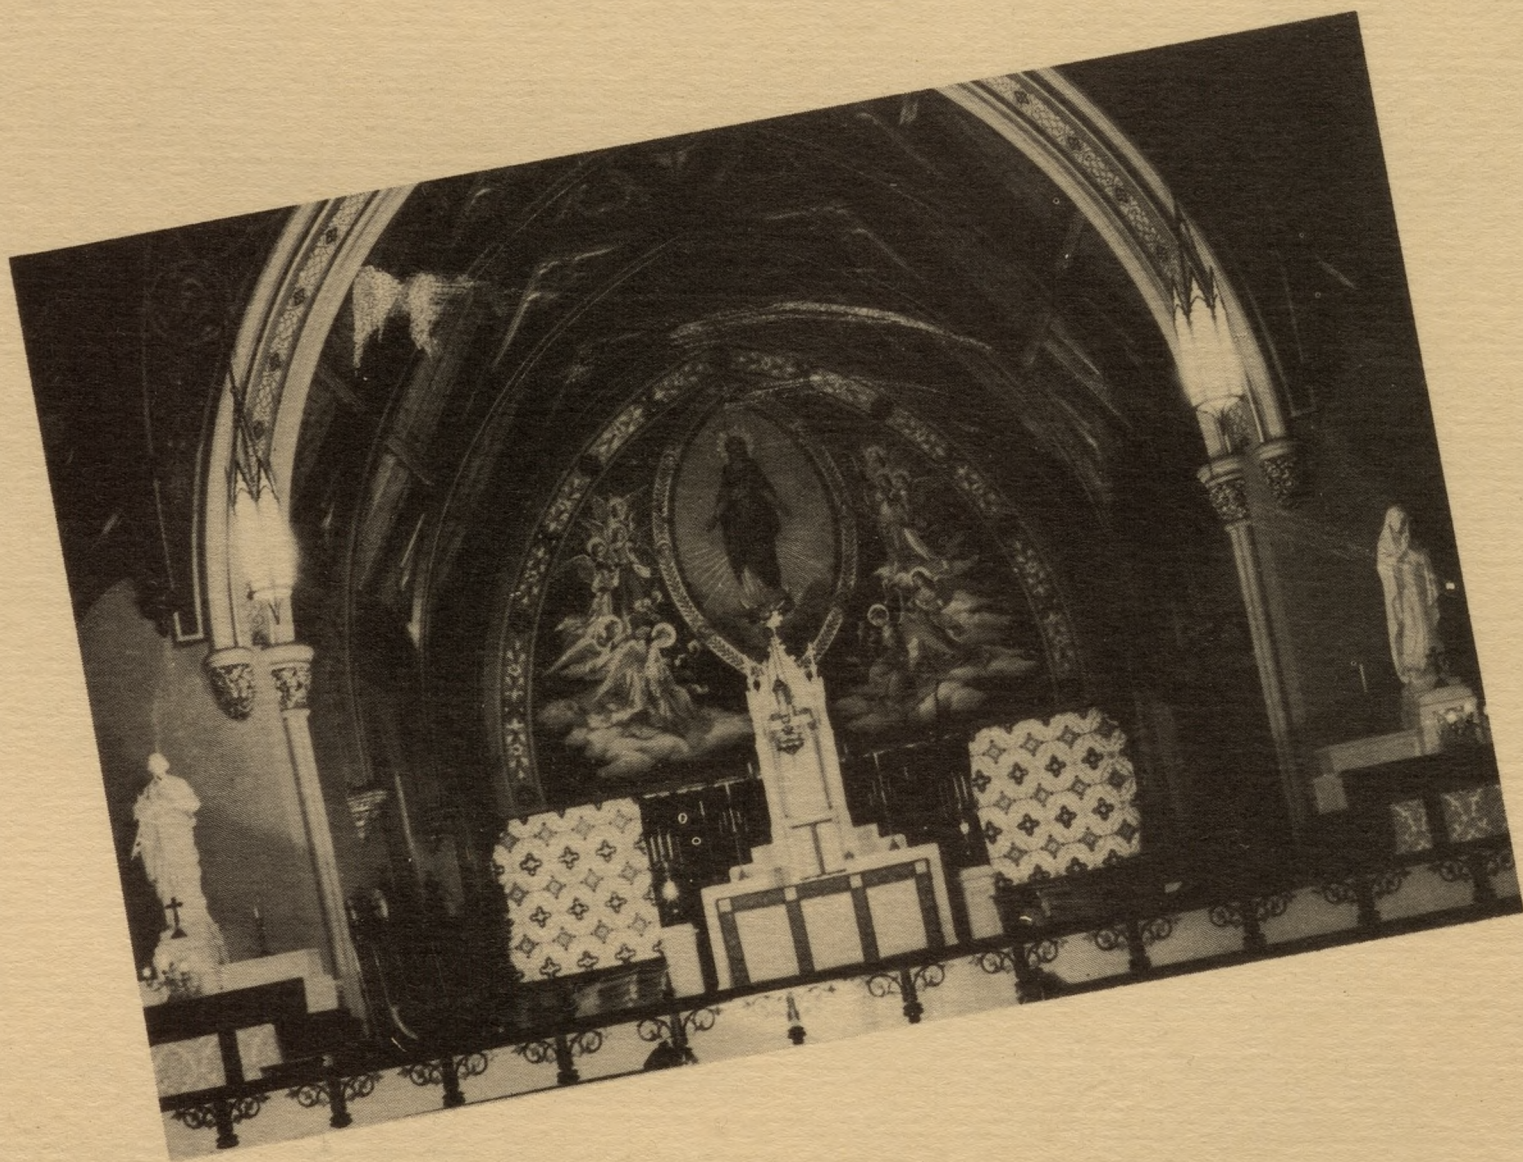

STRONGHOLD
OF PIRATE TEAMS

But two years old, the new Gymnasium is already the scene of some of our most living memories. Great cage encounters fought there will never be forgotten. But the most poignant of all our memories is that of the LaSalle game this year when our classmates, the Fearsome Five, wound up their collegiate court careers. Standing in the

Gym that night with choking throats and moist eyes, we heard a crowd of 6,500 give a tremendous ovation to these classmates, saw them presented with gold watches, and heard Bob, "Li'l Abner," Davies, as their spokesman, try in a sobbing voice to express the team's appreciation.

SANCTUARY TO SETONIANS

"O'ER THE EM'RALD VALLEYS--

SETONIA, RAISE THY TOWER'D HALLS"

MEETING THE GREAT MINDS

When Doctor Edward L. Jennings, long our beloved Mr. Chips and Alumni Association President, who devoted his life to Seton Hall, passed to his eternal reward Seton Hall men bare-headed lined the streets of South Orange while the funeral cortege moved slowly toward the church, and then they filled the entire church during the requiem Mass. It made us proud as we stood in that body of men that we were part of Seton Hall.

We will not lose sight of life's tapestry for

interest in its threads. For, whether we are to become doctors, lawyers, educators or executives, we have studied philosophy, history, languages and literature, as well as such technical subjects as chemistry and accounting. First things have been put first. We have seen modern man neglect religion, morality and ethics with woeful results. While we seek to be broad-minded and tolerant, we refuse to compromise our ethics. We have been taught not only to make a living, but to live.

KNOWLEDGE...WEIGHED IN THE BALANCE

Life with our classmates has been pleasant. We have seen them rehearsing long hours with the Glee Club, working far into the night to get out *The Setonian*, practicing in the Gym, pounding around the board track in zero weather. We have listened to "bull sessions" in McQuaid, joined impromptu quartets there, dined with classmates and

knelt beside them in the Chapel. We have crammed for exams with them, gone out on dates with them. Together we have weathered the storms of class and campus politics, seeing the tremendous issues die while the friends remained. They have worn well.

Classes graduated during the depression found little to do, but our task is clear. This nation is at war. We must help her win. The majority will be called to serve with the fighting forces. For most of us it means forsaking professions such as medicine or law, at least temporarily. For many it means leaving their homes to go into foreign lands. For some it will mean the sacrifice of life itself. But Seton Hall men, like all Americans, know that there are things worth dying for, religious freedom, freedom from oppression, the democratic way of life. We are ready.

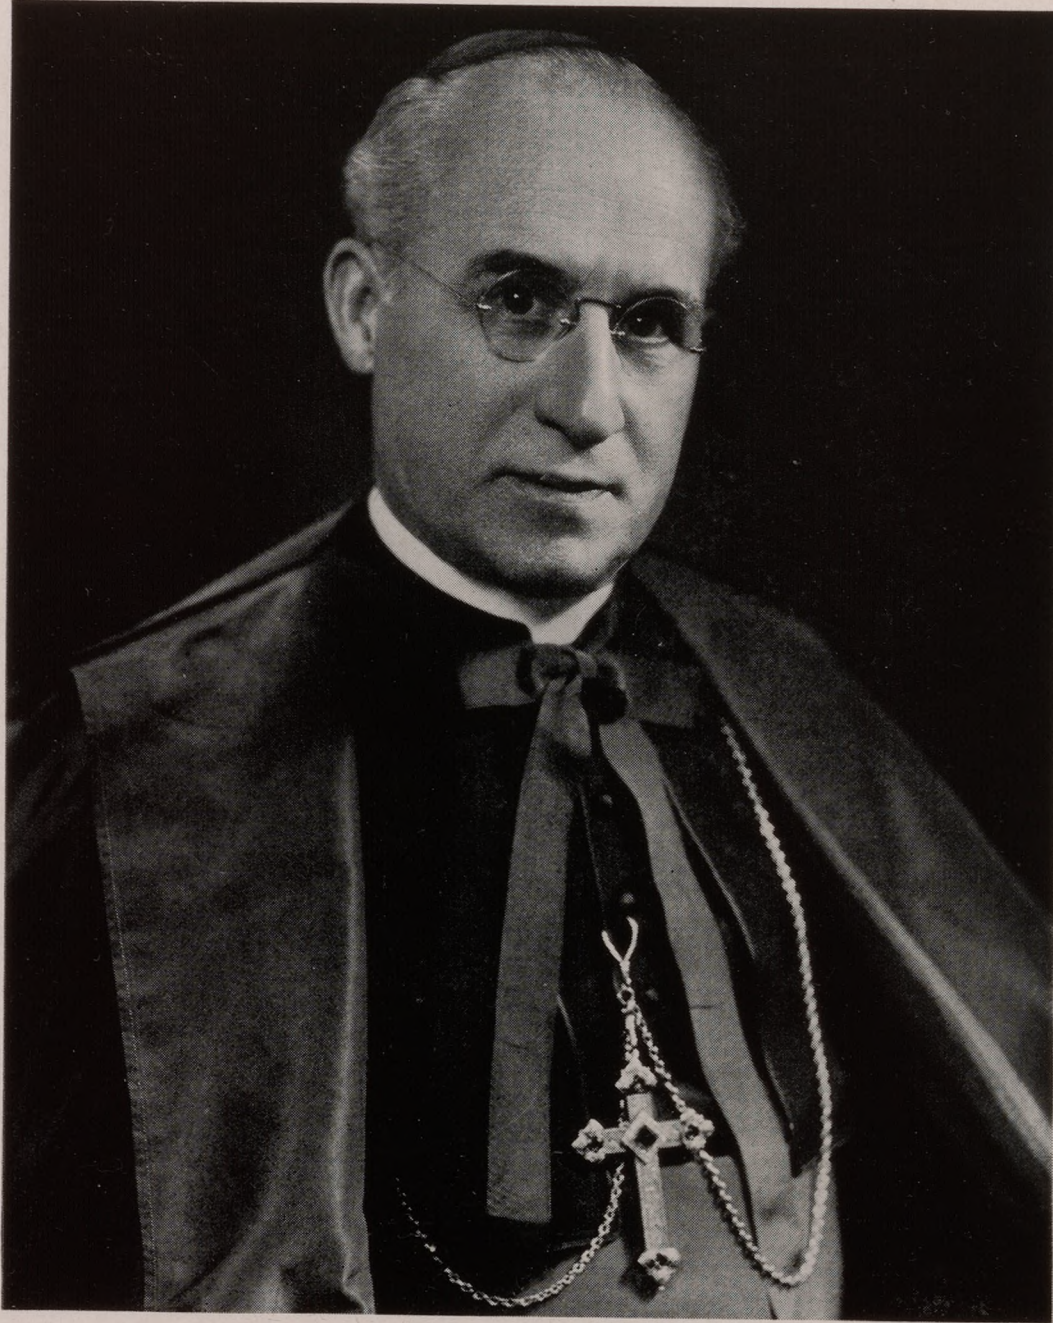

"TODAY'S IDEAS; TOMORROW'S REALITIES"

THE WHITE AND BLUE CONNOR

Oh, let us all give three cheers
For our Alma Mater fair;
And let us sing tenderly,
Let our voices fill the air.

For she's a grand old Mother,
And forever we'll be true;
Through pain and strife
Throughout our life
For Setonia, the White and Blue.

Then let us fight to the end
For the glory of the Hall;
And let our cheers echo on
We know our team will conquer all.

At the half-way mark, the Class of '44 looks back over two years of worthwhile accomplishment. In scholarship, athletics and social life the Class of '44 has set a standard of initiative and cooperation for all future Setonians.

The Sophomores have staged three of the most successful dances ever held on the campus. As Freshmen, they presented the first "name band" to appear at Setonia. Bunny Berigan drew the largest crowd ever to attend a dance on the campus. "Rip" Collins was chairman of the dance committee. The "Touchdown Hop", held last fall, will long be remembered as

one of the most colorful of all Seton Hall affairs. Original decorations transformed the Auditorium-Gymnasium into a football field, complete in every detail. Chairman of the dance was Jim Ferguson, assisted by Charles O'Connor, Murray Curtis, John Bock, Jack Mooney, Joe Rauscher, Bob Ward, Ed Connolly and Ted Smith. On last May 22 the Sophomores presented the "Starlight Cotillion," which Setonians are still talking about. The Auditorium-Gymnasium was converted into a beautiful summer garden for the evening. Murray Curtis and Jim Ferguson, co-chairmen of the dance, did a splendid job.

The Class of '44 boasts several stellar performers on the championship basketball, baseball and track teams. Frank Fletcher is a member of the two-mile relay team that recently set a world record. Bob, "Rocket", Sovetts and Paul Plummer were enthusiastically acclaimed for their fine showing in placing fourth and fifth in the National Pentathlon Meet. Bob was also a member of the victorious one-mile relay team in the K. of C. Meet. Murray Curtis and Wally Keils have also been winning consistently. In

basketball Kevin Connors, Al Diehl and Ed McLaughlin were on the Pirates' powerful reserve, which was an important factor in making Seton Hall one of the outstanding teams in the country. On the baseball team Sophomores form a powerful nucleus. Last year tall right-hander Joe Gathright was undefeated, while Kevin Connors led the team in batting. This year Kev is varsity first baseman. Other Sophomore stars are Ed Egan, Gerry Belmonte, Ed Krasauskas and Bill Schlegel.

On the swimming, fencing and tennis teams Sophomores have shown great progress. Tankmen Paul Bartlewitz, Chet Filipkowski, Jim Ferguson and Dick Doherty have rung up twenty-two consecutive victories. Sam D'Ambola, Al Sully, John Ciccone and Gene Murphy have greatly improved this year and show promise of extending Seton Hall fencers' string of sixty-seven wins. Jack Palmer this year led the tennis and squash teams to their best seasons. The Class of '44 broke even in its two Freshman-Sophomore football tilts. As Freshmen, they lost a close battle 13 to 6 to an experienced Soph team. This year they were victorious, defeating the Frosh 12-0.

As Freshmen, Donald Callahan and James Turro won the

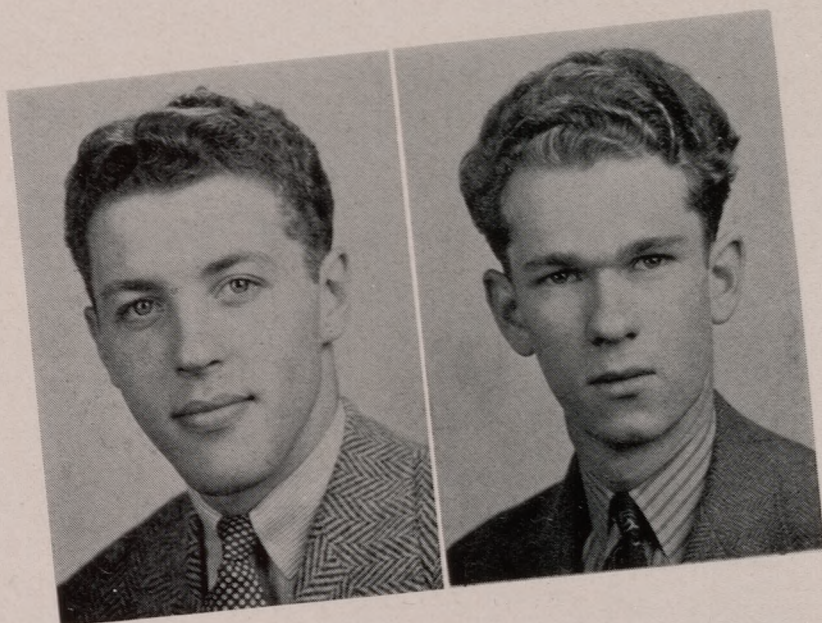

scholastic honors in the B.S. and A.B. sections respectively. Kevin Connors won the 1941 Elocution Contest with a dramatic rendition of "The Congo." This year Ted Davis, Charles O'Connor and Paul Ames showed dramatic talent in the thrilling "Who Killed The Count?"

The Class of '44 has been led by competent officers. Freshman officers were Edwin Collins, President; Joseph Mulcahy, Vice-President; Stanley Adamczk, Secretary; and Robert Ward, Treasurer. As Sophomores the class was governed by Thomas Davy, Joseph Mulcahy, James Ferguson and William Schlegel.

Despite the uncertainty occasioned by the war the Class of '44 looks forward to continued service to Seton Hall.

Despite the departure of two of its officers for the Army the Class of '45 had an efficient organization that played an important part in life at the Hall.

The Frosh basketball team won twenty-two out of twenty-five games. A Freshman ran the first leg for the record-shattering two-mile relay team. The undefeated varsity swimmers included three members of the Class of '45. A large Frosh contingent reported to Al Mamaux this spring. The Spring Frolic, sponsored by the Freshmen, successfully inaugurated the spring social season.

The Class of '45, after getting off to such an auspicious start, looks forward to an even more eventful Sophomore year.

WHITE

This is the story of three men and an idea. The men are Joe O'Connor, George Callahan and Joe Graham. The idea, to publish a yearbook. To all who helped these three to realize their idea they are indebted, to Herc Grassi of Baker, Jones, Hausauer, publishers of this book, to John Connolly, campus photographer, to Don Schoeller, President of the Senior Class, who kept things rolling, to staff members Bob Tafaro, John Farley and Denny Doyle, and finally to Doctor George W. King, Jr., Moderator of the 1942 *White And Blue*.

Under editor Joe O'Connor and business managers George Callahan and Leo Conroy the staff went to work. Copy was rattled out, pictures snapped, money raised. Joe Graham, named associate business manager, proved indefatigable. Deadlines and dollar signs loomed like nightmares. But hard work won out. The three men realized their idea, the *White And Blue* became a reality.

Streamlined in make-up this year, with column guides discarded and new type faces in its headlines, *The Setonian* presented a lively chronicle of campus life. Its editorials focussed attention upon topics of interest to Hallers. Its sports page recorded Pirate athletic events.

Eagerly read on Friday mornings were its features, "Hearin' There" by Cliff Blasi, "Ramb-ling" with Corbin Allardice, "Inquiring Reporter" by Ken Horoho and "Walking The Plank" by sports editor Joe Kane.

When the Reverend John J. Feeley, Moderator of *The Setonian*, left for active service with the United States Navy as a chaplain, he was succeeded by the Reverend Thomas J. Gillhooly. Joseph O'Connor was succeeded as editor in January, 1942, by Maurice O'Reilly. A new staff took office at that time.

The organ of student government. The Student Council acts as a vehicle through which the student body may discuss with the Administration and Faculty its opinions and wishes. It likewise fosters cooperation among the various campus organizations and seeks to coordinate all student activities.

The Moderator is appointed by the President of Seton Hall College.

Notable achievements of the Council this year under the Reverend Michael I. Fronczek, who served his first year as Moderator, were the drafting, by the officers and the Moderator, of a new constitution, and the formulation and

enforcement of the new parking regulations on the campus.

Setonians will recall how they returned to their cars after class to find fresh summonses attached to the windshields, but they admit that it was all for the best and that the Student Council did a great job in clearing up the parking tangle. Now in its sixth year, the Council presently comprises sixteen members. The president is a Senior; the vice-president, a Junior; the secretary, a Sophomore; and the treasurer, a Freshman. All are elected. In addition each class has a representative and every recognized student organization has a representative.

Like the biblical mustard seed, the Knights of Setonia have, under their energetic Moderator, Father James A. Carey, grown in a four year span from an original eight members to a present enrollment of three hundred.

The Knights, by receiving Holy Communion every Wednesday morning in the Chapel, have been a source of inspiration for all on the campus.

Students await the weekly Bulletin of the Knights with great anticipation. Written in Father Carey's vigorous, masculine prose, the Bulletins contain pointed instructions in practical Catholicism. This year Bulletins were mailed to Seton Hall men serving with the Army and Navy, keeping them in touch with the Hall and the Knights.

GLEE CLUB

What is more stirring than the ringing male voices of a college glee club singing the songs of their Alma Mater? "March Setonia" and "The White And Blue," as sung by the Seton Hall College Glee Club, have made it one of the most popular choral groups in the vicinity. The Club, under the inspired direction of Nicola A. Montani, has become a well-balanced organization, capable of rendering both light and classical music. New selections this year were Brahms' "Lullaby," Bach's "Now Thank We All Our God" and "I Love Thee," a four part arrangement by Montani of Beethoven's "Ich Liebe Dich." The Gleemen sang at New Rochelle, Notre Dame of Staten Island, Chestnut Hill, Immaculata and Caldwell College. The Annual Spring Concert, held in the Essex House, Newark, on May 12, climaxed the season.

The Schola features light classics, popular tunes, sacred music and college songs, while the A Capella Choir, composed of day students aspiring to the priesthood, presents sacred music and chants. The Schola appears at Holy Name meetings, parish affairs, hospitals, where the group serenades patients, and Glee Club concerts. The A Capella Choir sings at daily devotions in the Chapel on the campus. Both organizations have established splendid records and a fine tradition.

The integral part that debating plays in education has not been overlooked at Seton Hall. The college is represented in this field by the Brownson Society. Innovations made this year under the Reverend Thomas J. Gillhooly, the new Moderator, include the organization of a Freshman team and the starting of a library of briefs and references. A new constitution has likewise been drafted by Moderator and officers. The national question, "Resolved: That The

Federal Government Shall Regulate By Law All Labor Unions," was debated by the Hallers. Other questions debated were hemispheric union, opportunities for youth and world peace. Adversaries encountered this year by the Brownson Society included Upsala, New York University, Georgian Court and Vermont. The Society also engaged in intra-club debates on current questions of importance before Holy Name Societies and civic groups.

I Killed The Count, three act murder mystery by Alec Coppel, was the spring presentation of the Dramatic Society, staged on Monday evening, May 18, in the Auditorium-Gymnasium. James A. O'Connell directed the production.

Count Mattoni was found murdered in his bachelor apartment in London. James Gallagher, as Inspector Davidson from Scotland Yard, unravelled the mystery. Lord Sorrington and his attractive daughter, Louise Rogers, both confessed. Neil Smith played Sorrington, and Constance Goerdes of the Seton Junior League

played Louise Rogers, his daughter. Corbin Allardice was an American sportsman, Bernard K. Froy, another of those who confessed.

Other feminine roles were taken by Betty MacCauley and Peggy Pasley, both Seton Junior Leaguers.

Stage manager was Vincent La Vigna. Props were handled by Corbin Allardice, assisted by Thomas Nolan, Thomas Clohosey and John Farley.

DRAMATIC SOCIETY

SEMINAR

The Pre-Medical Seminar, long an active campus organization, underwent complete reorganization this year. A new constitution was drafted by the Moderator and the officers. Greater emphasis was placed upon the orientation of members for future studies in professional schools. The chief purpose of the Seminar continued to be the stimulation of student interest in medicine. The group also sponsored a series of lectures by prominent physicians and surgeons, and arranged visits to hospitals and laboratories.

KINGSMEN

Composed of Setonians planning legal careers, the Kingsmen are now in their third year of existence. Under their Moderator, Doctor George W. King, Jr., they have gained an insight into the intricacies of law and have acquired a quickened interest in current events. They have learned to express their opinions effectively.

Attorneys and judges have discussed the requisites for success in law before Kingsmen audiences, enabling members to decide intelligently their fitness for the profession.

MATHEMATICS CLUB

The tremendous importance of mathematics in all branches of human activity is demonstrated increasingly from day to day. To the scientist mathematics furnishes a means of developing hypotheses. To the engineer mathematics is likewise invaluable. Since the war the need for men trained in mathematics to serve as navigators and gunners has increased. Realizing the importance of the subject and drawn together

by a mutual interest in it, a group of students first organized the Mathematics Club two years ago. Since then the Club has increased their appreciation of mathematics by giving them an opportunity to present original papers and to solve problems proposed by members. Their Moderator, Doctor Louis M. Rauch, has likewise helped by his discussions to deepen their understanding of this powerful tool of human thought.

PRESS BUREAU

The fourth estate. Members of the Press Bureau, working in the Department of Public Relations, turn out copy on all Seton Hall activities and release it to the newspapers and the press wire services. These collegiate journalists likewise act as press stewards at major athletic

and social functions at the Hall, assisting newspapermen in every way possible.

The Bureau annually conducts the Catholic Intercollegiate Press Survey, a critical service which evaluates Catholic college publications from all parts of the United States.

CROSS AND CRESCENT

Academic attainment alone does not make the cultured gentleman. Recognition of this fact resulted in the foundation of the Cross and Crescent. Now in its fourth year, the Order seeks to foster the qualities which go to make a truly rounded individual. Scholastic achievement is necessary for membership, but high personal qualifications are equally important. Eligible students must possess a scholastic average of 85% or over, with no mark below 75%. In addition they must belong to at least one campus organization. Catholic students must evidence their active practice of their Faith by frequenting the Sacraments and attending Chapel services, while others are expected to show by their conduct and character that they adhere to moral principles. All must

have personalities that reflect credit on Seton Hall.

With these qualifications in mind, a committee of the Faculty, acting on the recommendations of the Student Council, elects the chosen candidates to the Order.

Twelve members of the Class of '42, representing a varied range of temperaments and talents, were elected to the Order of the Cross and Crescent. These men, possessed of diversified abilities, have furnished the leadership in many campus activities throughout the past four years. The traditional presentation of gold keys bearing the insignia of the organization, the cross and crescent imprinted on a scroll, was made at the annual Junior Night in May 1941.

ATHLETIC ASSOCIATION

REV. CHARLES E. LILLIS
Director of Athletics

REV. JAMES A. CAREY
Assistant Director of Athletics

The Athletic Association shapes Seton Hall athletic policies. This difficult task falls upon the shoulders of the Reverend Charles E. Lillis, Athletic Director, and the Reverend James A. Carey, Assistant Athletic Director. The Athletic Association provides the machinery to put the decisions of these men into effect.

As the Thin Man behind Hall athletics, Father Lillis has won the admiration and respect of all Setonians by his tireless efforts to build up the name of Seton Hall College in the sports world. He has assembled here at Seton Hall one of the most competent coaching staffs in the country. Father Lillis has labored to secure

better schedules for Pirate teams, thus helping them to win the acclaim they so richly deserve. It has been largely through his efforts that Seton Hall has emerged as one of the dominant powers in collegiate athletics.

Assisting Father Lillis in his work is the energetic and dynamic Father Carey, an all out Seton Hall Man. Across the desk of Father Carey go schedules, expense accounts, press clippings, time-tables and all of the thousand and one details behind the administration of a large college athletic set-up. A forceful executive, he takes his work in stride.

Through the Athletic Association an extensive program of intramural athletics is made available to the student body. The numerous facilities of the Auditorium-Gymnasium are put at the disposal of students. In the Gym they enjoy basketball, bowling and swimming. The intramural softball loop is an eagerly awaited part of the spring program.

The Annual Seton Hall College Track Meet, a high spot of the indoor track season, was not held this year because of the war and the resultant use of armories by the Army. The Athletic Association, deprived of the opportunity of presenting its Track Meet by the national emergency, quickly turned its attention to other possibilities. As a result the touring

world champion professional tennis stars appeared in the Auditorium-Gymnasium last winter and spectators jammed the great Pirate lair to see Don Budge, Frank Kovacs, Bobby Riggs, and Fred Perry in action.

First organized five years ago by Father Carey, the A.A. Band is his pride and joy. Chester H. Smith directs the organization, composed of students from the College and the Prep. Jack Palmer was drum major this year. The Band plays at Prep football games, at basketball games and at track meets. The Band, which has full orchestration, features college songs, marches and popular hits. It frequently appears in parades in the metropolitan area.

Pirate swordsmen slashed through another undefeated season, toppling Dartmouth, Brooklyn College, University of Virginia, North Carolina and C.C.N.Y. In the Eastern Intercollegiate Championships at Lehigh they took 53 out of 54 points. Pete Milone and Harry Boutsikaris

each captured double firsts. Austin Prokop won the foils crown; Fred Gillen, the sabre; and, for the third successive year, Bob Girardot, the epee. Girardot and Milone were co-captains of the Cetrulomen.

Boasting a chain of 23 victories over a two year span, the Seton Hall mermen rank among the foremost teams in collegiate swimming. With Captain Paul Bartlewitz in the 220 and 440, Jack O'Connor in the short sprints and Jim Ferguson in the breast stroke, Coach Bill

Ferinden's charges downed Fort Monmouth, C.C.N.Y., Bucknell, Scranton U., Westchester and Catholic University. In three years of competition the swimmers have already gained national recognition.

Paced by the record-shattering performances of a stellar two-mile relay team the Seton Hall tracksters breezed through another highly successful season under the veteran Harry Coates. Harry, now in his twenty-seventh year of coaching at the Hall, is still turning out winners.

Chet Lipski, the hottest track man out of Ohio in many years, brought a great collegiate career to a brilliant conclusion by his yeoman work anchoring Pirate relay teams. Chet was captain of the track forces. Leo Walczuk, also a Senior,

turned in blistering performances with the sprint relay teams, while Pete Wilson, another member of the graduating class, was outstanding with the outdoor mile-relay team.

In the Millrose Games the two-mile relay team placed second to Fordham, while the one-mile relay team outdistanced the field to win. In the Penn A.C. Games in Philadelphia the two-mile relay cast again captured second place, but the one-mile outfit suffered a set-back when Bill

Gannon pulled a muscle. The two-mile crew began knocking at destiny's door in the Boston A.A. Meet when they took first, defeating Fordham.

Their knock was answered in the National A.A.U. Championships at Madison Square Garden on February 28, a date for Setonians to remember. That night Tony Luciano, Frank Fletcher, Bob Rainier and Chet Lipski broke a seventeen year old record by turning in 7:39.8 for the two-mile relay, the fastest time ever run

indoors by any two-mile relay team.

Not satisfied, this same quartet shattered all records, both indoor and outdoor, in the Navy Relief Meet when they bettered their three week old mark by six seconds, registering 7:33.9 for the two-mile relay. Chet Lipski ran the anchor leg in 1:51.8, one of the fastest halves of the year.

Journeying next to Cleveland, the Coatesmen captured both the one and two-mile relay events in the K. of C. Meet.

yearlings won the National Championship One-Mile Relay in 3:31.5, almost equalling the record set in 1940 by another Seton Hall team for the event. First Pirate Frosh to win this event were those running in 1939.

Coach Hank Quinn's netmen won four and dropped two matches to come through another creditable season. They vanquished Brooklyn, St. Peter's, Newark State Teachers and Newark University, while they were overcome by C.C.N.Y. and Westchester Teachers. Doubles partners were Jack Palmer and Jim Graham, Bob Behan and Fred Biehusen, Joe Bender and Fred Meissner. Behan and Graham were the only returning veterans.

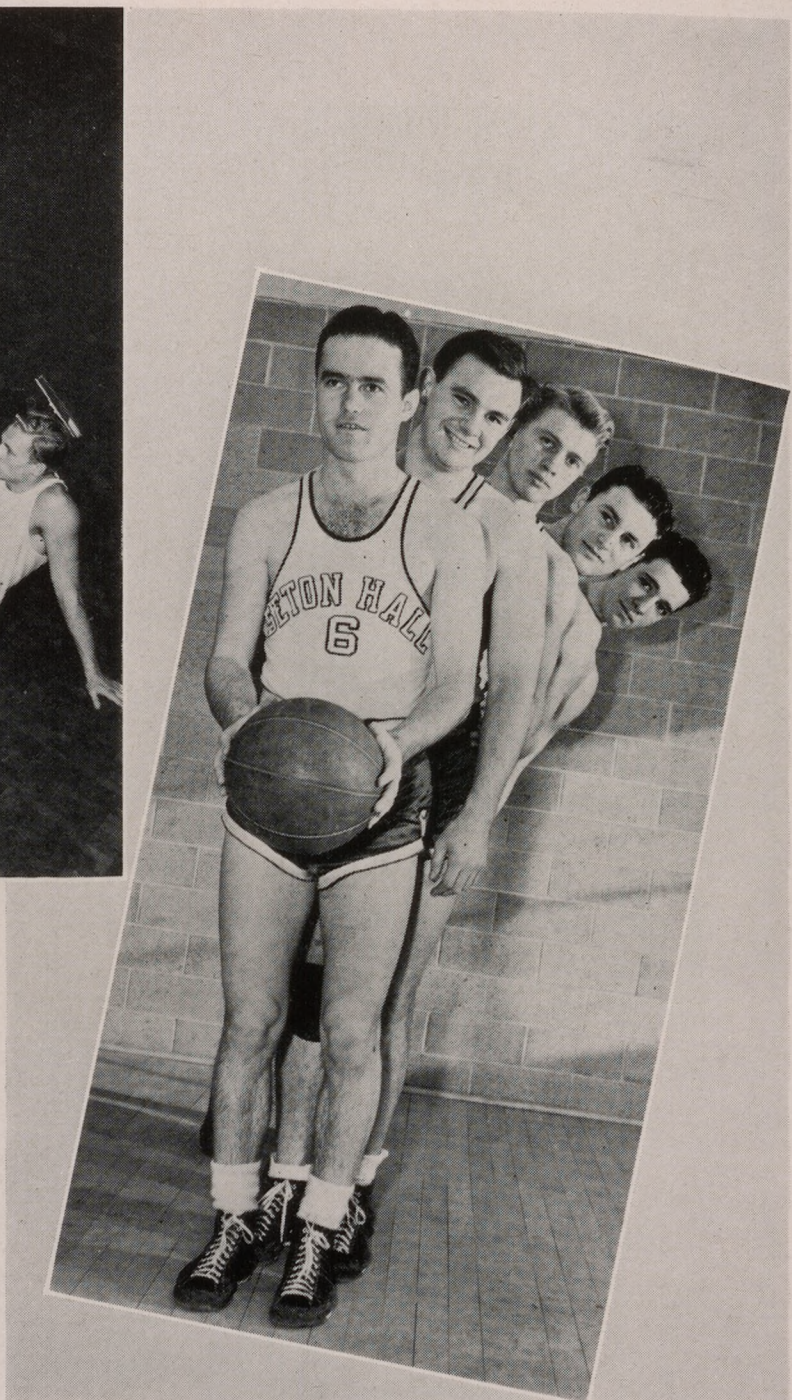

When Don Budge, Bobby Riggs, Frank Kovacs and Fred Perry, the touring professional tennis champions, played in the Gym last winter, another feather was added to Quinn's hat. The matches, arranged by Quinn, drew a capacity crowd.

JOHN, *"Honey"* RUSSELL
Coach

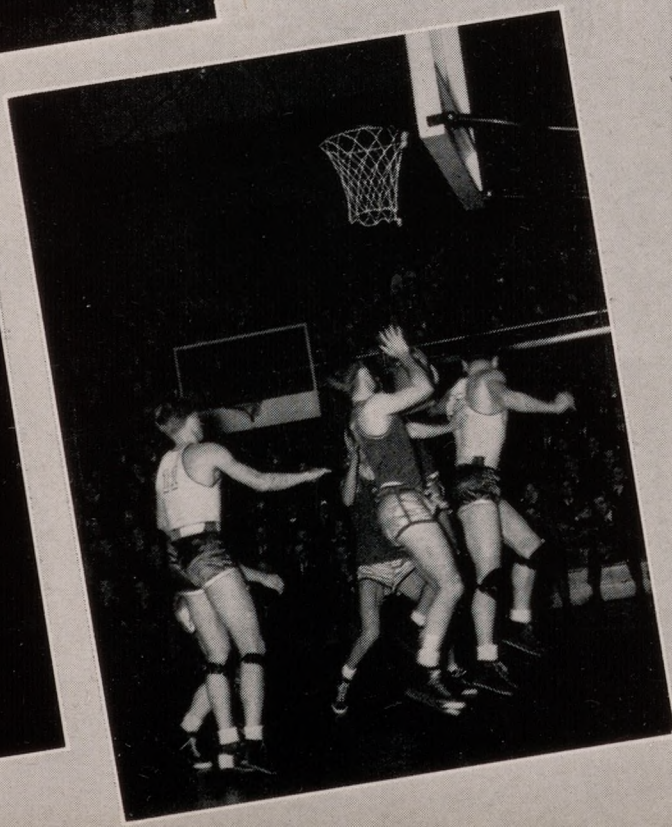

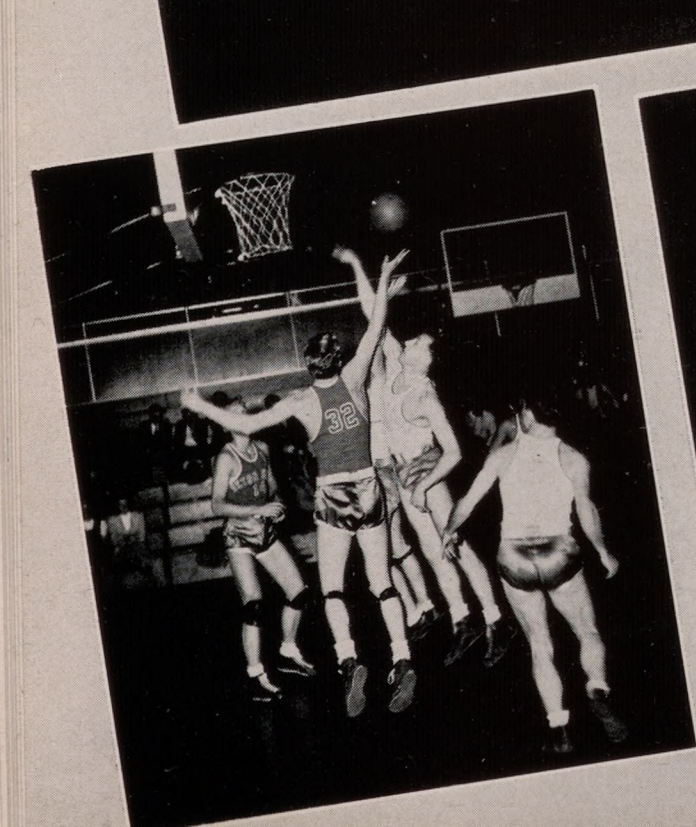

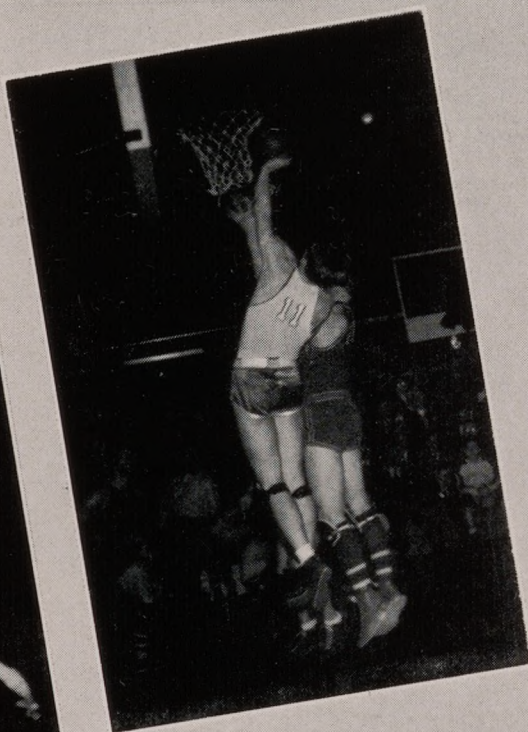

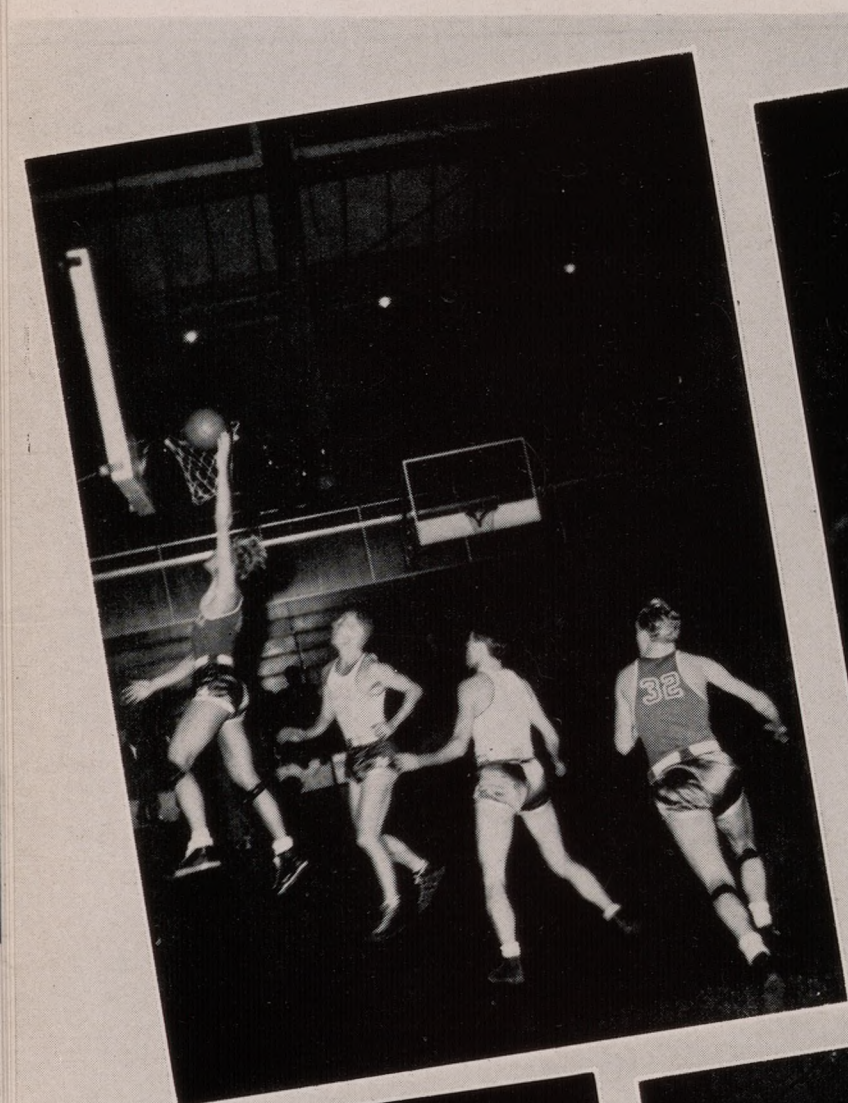

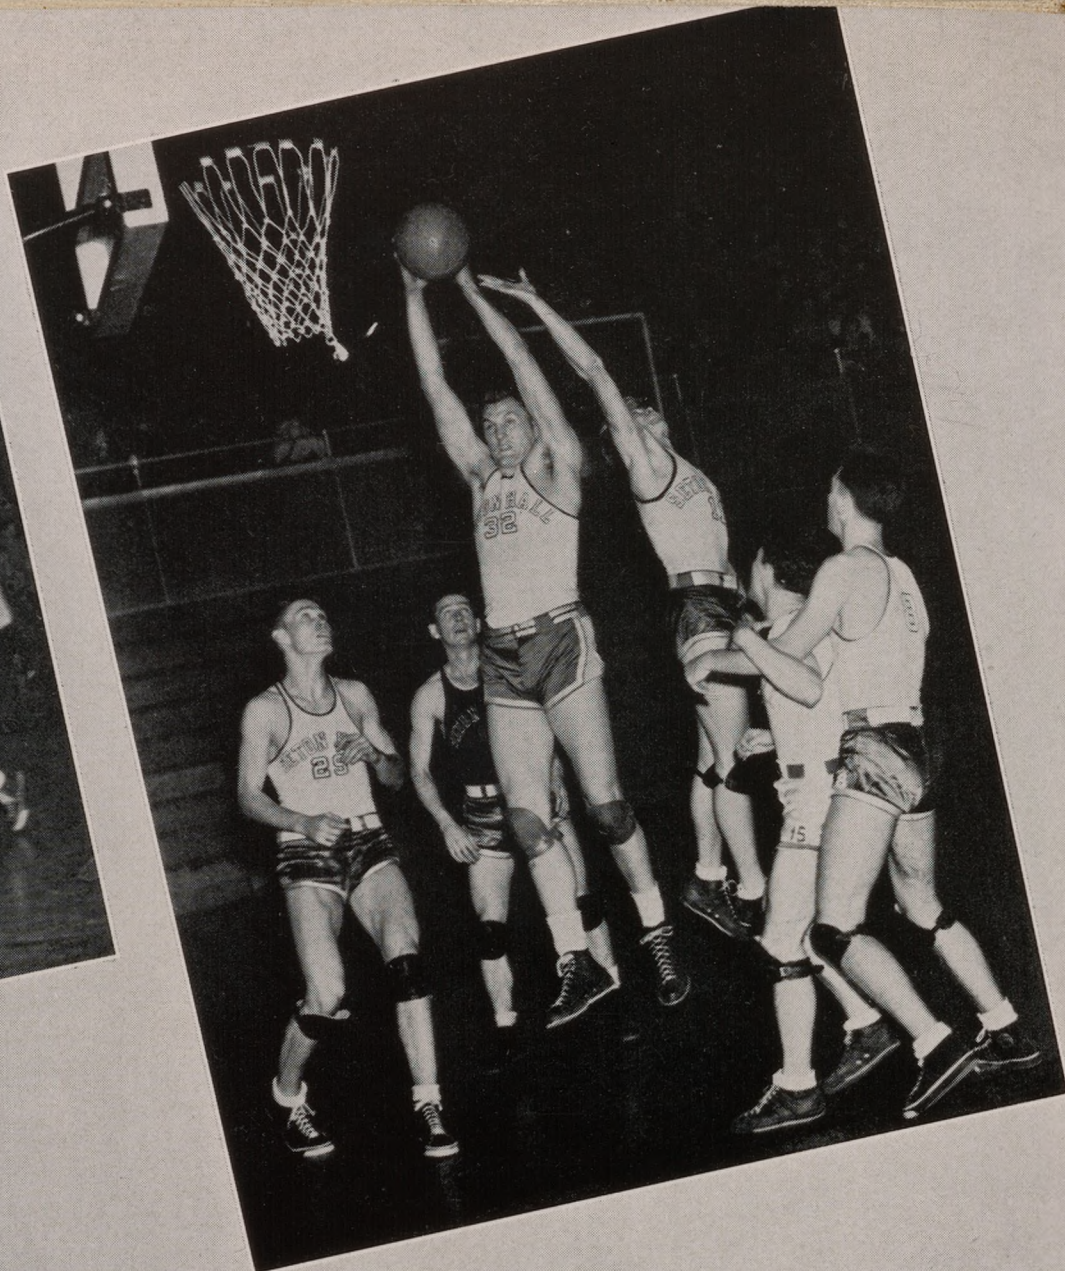

Against such formidable opposition as Tulane, Dartmouth, Providence, L. I. U., Holy Cross and De Paul the Russellmen registered sixteen wins in nineteen starts to remain one of the nation's top-flight court combines. Paced by "Li'l Abner" Davies, the Fearsome Five again dazzled the crowds with their spectacular brand of basketball.

Bowing to an inspired East Stroudsburg Teachers' quintet by the score of 40-37 in the opener, the Pirates took vengeance on their next four opponents, Morris Harvey, Tulane, Davis Elkins and the University of Maryland. Before an overflow crowd the Russellmen next encountered a strong Dartmouth team in a thrilling cage classic. Trailing throughout, the Setonians rallied in the closing minutes but failed to overcome the Indians' early lead. Dartmouth went on to win, 43-42.

Hitting mid-season stride the basketeters went through the motions in easy wins over St. Francis, St. Peter's College, traditional rival, and the University of Scranton, while they met stiff opposition at the hands of St. Bonaventure, a team they finally defeated, 37-34.

An undefeated Providence team invaded South Orange to meet the Seton Hallers. Undaunted by the advance notices, the Pirates, sparked by the Blond Bombshell, rang up eighteen consecutive points before the bewildered visitors were able to collect their scattered wits. A determined Providence team rallied, but was turned back by Russell's operatives, who went on to win, 55-33.

After a 52-42 win over the Tommies of Scranton U. in a return game, the Pirates shifted their activities to Madison Square Garden, where they were handed a 51-30 set-back by a rangy L. I. U. five.

In the remaining games the cagers triumphed over St. Bonaventure, Holy Cross, De Paul, the University of Omaha and La Salle. Together with the Big Five, Vinnie Michaels, Ben Scharnus and Ray Studwell were presented with gold watches as they wound up their collegiate cage careers in the La Salle game. These men have made basketball history for Seton Hall.

GEORGE E. MIELE
Coach

With his entire first string lost by graduation Coach George Miele was faced with the task of rebuilding his soccer team. The material was promising, however, and as the season progressed showed improvement. With such stalwarts as Eddie Miller at center and Dillon O'Rourke at halfback, together with Bob Maley at full and Charlie Garneau at goalie, the Hal-lers developed a tight defense, although they lacked scoring punch. Defeated in their en-

counters with Delaware, Westchester State Teachers, East Stroudsburg and Rider, the Pirates were never overwhelmed. In the initial tilt Delaware failed to score until the second half, when they booted a free shot. Against Rider the Pirate defense clicked but the shooting was ineffective. With experience under their belts the booters anticipate a better season next fall.

With a sixteen game winning streak to protect and with three men lost by graduation the Mamauxmen opened the season. The superb pitching of southpaw Steve Nagy and the crafty Ken Pine enabled the Pirates to roll roughshod over collegiate competition. Pillars of the infield were third baseman Lou Welaj and short-stop Albie Booth. Only teams to score on the Hallers were Boston College and Fordham. Jim Lacika poled out two triples in the Fordham game to break the Ram jinx. This long sought victory over Fordham closed the undefeated season.

Congratulations

ON A FOUR-STAR ANNUAL

THE MEMBERS of the BJH college organization would very much like to extend their sincere congratulations for a book of distinctive and distinguished merit.

It has been a great pleasure to work with the 1941 staff, to collaborate in the planning and creation of the book, and to go on record as appreciating the fine spirit and splendid co-operation which was so manifest at all stages of the work.

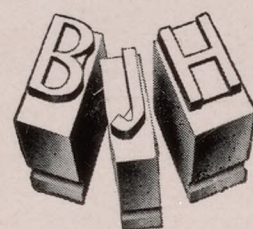

For more than forty years, many of America's most notable yearbooks have come from the BJH presses. It is a service to college yearbook staffs that has been augmented in many important ways; an experience of constantly mounting value to those whose classmates entrust them with the challenge of making their book superior to all the fine books that have preceded it.

And it is because we so keenly relish the opportunity to have a part in the acceptance of that challenge that we look forward to working with future yearbook staffs with the same fervor, the same right hand of assistance, that made the creation of this excellent annual such a mutually gratifying experience.
